LTAPPS Approval Hub

LTAPPS Approval Hub is a software solution that allows users to create, manage, and share approval requests from a centralized platform

Overview

LTAPPS Approval Hub is a software solution that allows users to create, manage, and share approval requests from a centralized platform. Approval requests are documents or tasks that require the consent or authorization of one or more approvers before they can be executed or completed. Examples of approval requests include purchase orders, expense reports, leave requests, contracts, invoices, and more.

LTAPPS Approval Hub app can benefit both employees and managers by simplifying the process of requesting and approving the request, reducing errors and delays, increasing transparency and accountability, and improving employee satisfaction and productivity.

Define the sale process to track the activities with the customer from having an appointment to the final settlement

Can use the app via desktop, mobile, web app, or platforms such as O365 apps, SharePoint, or Microsoft Teams.

Open the App

You are able to open the app via:
